

TBF Newsletter February 2011

**Teddy Bear's Annual  
Combined Driving Event**

June 18<sup>th</sup> & 19<sup>th</sup>

Entries for Teddy Bear CDE are coming in already and we are excited as we see who will be joining the fun this year.

We got lucky with September weather in 2010 but are eager to have our competitors enjoy longer days and warmer nights this year. June will also provide more green for your photographs. We will again this year have two photographers working both days/

Expect slight changes and a few new roads on the marathon route. The technical delegate, Keith Yutzy will try to open marathon for your informal tours on Friday.

Plan to stay for private lessons from Larry and Holly Binker on Monday and Tuesday.

Hope to see you in September!
